

M-Ester-HP

Product Information

Chemical name	Butanedioic acid, 2-[(6-oxido-6H-dibenz[c,e][1,2]oxaphosphorin-6-yl)methyl]-, 1,4-bis(2-hydroxyethyl) ester, homopolymer
Cas No.	403614-60-8

Chemical formula

Physical Properties

Properties	Method	Value
Appearance		Pale Yellow Powder
Average molecular weight	GPC	Mw : 15000

Applications

Flame retardant (Kneading type) for Polyester, Polyamide etc.

Registration

Japan	ENCS	7-2102
USA	TSCA	Not registered
EU	EC#	Not registered (polymers)
China	IECSC	Not registered
Taiwan	TCSI	Registered
Korea	K-REACH	Not registered

Packing

20kg / Paper bag

How to store : Store at room temperature, avoiding moisture. Wear protective gear when handling the product.

Please note that specifications and appearance may change without notice. The information, technical materials, and recommendations in this document are all based on experiments we trust, but we do not guarantee their accuracy or completeness. Users should determine whether the product suits their purposes before use and bear all associated risks and responsibilities. The seller's and manufacturer's only obligation is to replace proven defective products, and we disclaim any other responsibilities. Unless specified in a contract signed by the officers of the seller or manufacturer, we are not responsible for matters or recommendations not included in this document. Refer to the SDS and ensure safety and health considerations when handling.
